This report is for the exclusive use of Intertek's Client and is provided pursuant to the agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this report. Only the Client is authorized to permit copying or distribution of this report and then only in its entirety. Any use of the Intertek name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. The observations and test results in this report are relevant only to the sample tested. This report by itself does not imply that the material, product, or service is or has ever been under an Intertek certification program.

## LISTING INFORMATION

The Tuffco No-Hub Coupling is used to connect cast iron pipes. It is intended to replace the use of traditional hub and spigot joints in many piping applications such as sanitary drain, storm drain, waste pipe and vent piping. The coupling contains rubber gasketing and stainless steel shielding, fastened by screw rods.

Product range covered:

- 1-1/2 in.
- 2 in.
- 2 x 1-1/2 in.
- 3 in.
- 3 x 2 in.
- 4 in.
- 4 x 2 in.
- 4 x 3 in.
- 5 in.
- 6 in.
- 8 in.
- 10 in.
